

REVELATION

ACCOUNTING SOFTWARE

Revelation for Windows - Achiever Edition

Achiever is designed to suit the growing small business that has wider range of requirements than UpStart. This package includes Multiple Bank Accounts, Stock, Debtors & Creditors. It is suitable to handle the requirements of most up and coming small ventures. The big advantage to Achiever is the fact that it can easily be upgraded to any of the other packages in the range without losing any information. Auditors love this package as it gives their clients the power of a full accounting suite at a very reasonable cost.

Achiever Features:

- ledgers for Debtors (Customers)
- Creditors (Suppliers)
- Stock, General Ledger
- and Invoicing

Other features include:

- multiple Delivery Addresses per customer
- multiple Bank Accounts
- full account history available on-line for up to 72 months
- reprint old customer invoices from up to 72 months ago
- extensive data export facilities in all ledgers
- comprehensive Sales Rep Analysis
- stock records can hold pictures of the actual stock items
- up to 7 Selling Prices per Stock item
- all records (in all ledgers) have an unlimited length "Notes" field for comments related to each record
- Up to 9 separate sets of company accounts may be held
- Achiever is a single-user product (non-networkable)
